

“Be in Love with All That is”

-Andrea Elizabeth

WELCOME TO 4 NEW REIKI MASTERS:

Our Mt. Shasta Trip was fun and eventful for all. We started with the Mineral Baths and as we each began to really cultivate and allow the energy to impact our soul space with a vengeance. We then went on to the Pyramid where we each became alighted with all that is. Saturday morning 4 Reiki Master Attunements took place and I believe each of us came home to our own true selves, including me. For whatever reason I became a Master AGAIN. As many of you know, I had to cancel circle and classes for the two weeks prior to this trip. And at the time I didn't know what I was even ill with. But after this trip, I know I was being cleansed and rearranged, and disassociated with my old self to become anew. I thank each and every person who came on this trip with us and I look forward to many more.

Please welcome our newest Reiki Masters: **Ann Martin, Jennifer Martinez, Alexandria (Alex) Beyn and Beverly Kavanaugh**. Congratulations to you all. The Universe is very excited about this.

REIKI II PRACTITIONERS

I also had the pleasure of attuning our 2 newest youngsters who are simply incredible and very open to this energy. These two girls give me hope for the future of our livelihood here on earth. Please welcome **Jena Woodfork** and **Christine Vandevoorde**. These girls come to us from UC Berkley and both have a vision for our earth as well as a deep understanding of what is necessary for our future generation. Congratulations you two.
