REIKI MONTHLY NEWSLETTER

CHRISTMAS BLESSING EVERYONE!

During this time of Giving, I want to give praise, great love and Merriment to each and every one of you for allowing me to be in your life. One of my greatest delights in my life is to help someone become renewed on their spiritual path and to find their spiritual power and begin using it to enhance their wellbeing and the wellbeing of others. We all meet each other exactly when we need to. And as some of us may come and go we are always One together working for the greatest good of all.

I thank each of you and send you some very special Reiki Love from my heart to yours. I would not be where I am today, if not for each and every one of you touching my heart in your very special way to make me a better human being.

I wish you the Merriest of Christmas Seasons and I look forward to next year and new beginnings for us all.

Merry Christmas to All!

November was a quiet month with no Reiki Circle and one workshop Finding your Hidden Magic.

I am still always so surprised how these workshop actually work as I only channel them and then put them on Meetup and people show up. In this particular workshop we has 6 amazing students, 5 new people came. We worked with some angel cards to find out our theme, then we went into a 12th chakra

meditation to clear out our core space and then we took off into the abyss of our soul. From there we got to find where our hidden magic and or hidden medicine was. I was able to take a look at the blocks that people put up in order for them not to be their true Magnificent Self. We had individual healings as well as group healings. It was fantastic.

I will be giving this workshop again so come find your magic with us next time.

January Happenings:

In the New Year I plan on having at least 2 workshops per month and a Wednesday Meditation Movement Class which will include Yin Yoga Movements. I will be working the Julie Soto on a new Reiki and Essential Oil Class as well so stay tuned for that and as always I will have Reiki I & II classes scheduled every month and other higher level classes as needed.

I am excited to see what the New Year brings for each of us. Stay tuned, I know it is going to be phenomenal.
